## NOW THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF LEWISVILLE, TEXAS:

#### SECTION 1. FINDINGS.

(a) The recitals, findings, and determinations contained in the preamble to this Ordinance are incorporated into the body of this Ordinance as if fully set forth in this Section and are hereby found and declared to be true and correct legislative findings and are adopted as part of this Ordinance for all purposes.

(b) The City Council finds that the **PUBLIC IMPROVEMENTS** will significantly enhance the value of all the taxable real property in the zone and will be of general benefit to the City.

(c) The City Council finds that the proposed zone meets the requirements of Section 311.005(a)(2) of the Act in that:

- (i) there is a need for essential public infrastructure and economic development programs to attract new business and commercial activity to the proposed zone for the purposes of increasing the real property tax base for all taxing units within the zone, increasing sales and use taxes for the City and the State of Texas, and increasing job opportunities for residents of the City and the region; and
- (ii) the proposed zone, as described and depicted in Exhibit A, meets the criteria for the creation of a tax increment reinvestment zone set forth in Section 311.005 of the Act in that area is predominantly open or undeveloped and, because of obsolete platting, deterioration of structures or site improvements, or other factors, and these factors substantially impair and arrest the sound growth of the City.

(d) The City Council finds that the proposed zone is a geographic area one hundred percent (100%) within the City's corporate limits.

(e) The City Council finds that not more than thirty percent (30%) of the property in the proposed zone, excluding property that is publicly owned, is used for residential purposes, and

## ORDINANCE NO. 0184-19-ORD

the total appraised value of taxable real property in the proposed zone does not exceed fifty percent (50%) of the total appraised value of taxable real property in the City and in the industrial districts created by the City.

(f) The City Council finds that the development or redevelopment of the property in the proposed zone will not occur solely through private investment in the reasonably foreseeable future.

(g) The City Council finds that the Preliminary Project and Finance Plan is feasible.

(h) The City Council finds that the implementation of the Preliminary Project and Finance Plan will alleviate the conditions described in Section 1(c) above and will serve a public purpose.

<u>SECTION 2</u>. <u>DESIGNATION AND NAME OF THE ZONE</u>. Pursuant to the authority of, and in accordance with the requirements of the Act, the City Council hereby designates the Property as a tax increment reinvestment zone. The City Council hereby delegates to the Board all powers necessary to implement any Project and Finance Plan approved by the City Council, including the power to employ consultants and enter into agreements that the Board considers necessary or convenient to implement the Project and Finance Plan and to administer, operate, and manage the Zone including, but not limited to, the power to enter into reimbursement agreements and other obligations secured by the **TIRZ FUND** established pursuant to Section 6 of this Ordinance.

Exhibit B – Map of Proposed Zone and Property

# REINVESTMENT ZONE NUMBER FOUR, CITY OF LEWISVILLE, TEXAS PRELIMINARY PROJECT AND FINANCING PLAN

(the "Preliminary Plan")

December 16, 2019

#### 1. INTRODUCTION.

<u>1.1</u> <u>Authority and Purpose</u>. The City of Lewisville, Texas, a Texas home-rule municipality (the "<u>City</u>"), has the authority under Chapter 311, Texas Tax Code, as amended (the "<u>Act</u>") to designate a contiguous or noncontiguous geographic area within the corporate limits of the City as a tax increment reinvestment zone to promote development or redevelopment of the area if the governing body of the City (the "<u>City Council</u>") determines that development or redevelopment would not occur solely through private investment in the reasonably foreseeable future, that the zone is feasible, and that creation of the zone is in the best interest of the City and the property in the zone. The purpose of the zone is to facilitate such development or redevelopment by financing the costs of public works, public improvements, programs, and other projects benefiting the zone, plus other costs incidental to those expenditures, all of which costs are authorized by the Act.

<u>1.2</u> <u>Eligibility Requirements</u>. An area is eligible under the Act to be designated as a tax increment reinvestment zone if it is predominantly open or undeveloped and, because of obsolete platting, deterioration of structures or site improvements, or other factors, substantially impairs or arrests the sound growth of the City. The City cannot, however, designate a zone if more than thirty percent (30%) of the property in the proposed zone, excluding property that is publicly owned, is "used for residential purposes" (defined by the Act as follows: "... property is used for residential purposes if it is occupied by a house having fewer than five living units ...") or if the total appraised value of taxable real property in the proposed zone and in existing reinvestment zones exceeds twenty five percent (25%) of the total appraised value of taxable real property in the City.

1.3 The Proposed Zone. The City is considering the creation of a tax increment reinvestment zone to be known as Reinvestment Zone Number Four, City of Lewisville (the "Zone") that will include approximately 276.93 acres as described by the legal description in Exhibit A and depicted on Exhibit B (the "Property"). The Property is currently zoned light industrial, medical district, multi-family one, mixed-use and planned development mixed-use. However, there has been significant discussion between the City and the property owners regarding a change in the zoning to accomplish the North Gateway plan, attached on Exhibit G. The Property meets the eligibility requirements of the Act. The Property has some undeveloped areas, and due to its size, location, and physical characteristics, redevelopment will not occur solely through private investment in the foreseeable future. Other portions of the Property substantially impairs and arrests the sound growth of the City as it is predominately unproductive or underdeveloped due to factors such as the aging of public infrastructure and the need for economic incentives to attract redevelopment to the Zone for the purpose of providing longterm economic benefits including, but not limited to, increased real property tax base for all taxing units in the Zone, increased sales and use tax for the City and the State of Texas, and increased job opportunities for residents of the City, Denton County, Texas (the "County"), and the region. If the public works, public improvements, programs, and other projects are financed as contemplated by the Final Plan (hereinafter defined), the City envisions that the Property will

be developed to take full advantage of the opportunity to bring to the City, the County, and to all of the region quality developments.

<u>1.4</u> Preliminary Plan; Hearing. Before the City may adopt an ordinance designating the Zone, the City Council must prepare a preliminary reinvestment zone financing plan in accordance with the Act and hold a public hearing on the creation of the proposed Zone and its benefits to the City and to the Property, at which public hearing interested persons may speak for or against the creation of the proposed Zone, the boundaries of the proposed Zone, and the concept of tax increment financing, and at which hearing the owners of the Property are given a reasonable opportunity to protest the inclusion of their property in the proposed Zone. The requirement of the Act for a preliminary reinvestment zone financing plan is satisfied by this Preliminary Plan, the purpose of which is to describe, in general terms, the public works, public improvements, programs, and other projects that will be undertaken and financed by the Zone. A more detailed description of how such public works, improvements, programs, and projects will be undertaken and financed will be determined by the Final Plan (hereinafter defined), which require approval by the Board (hereinafter defined) and by the City Council.

<u>1.5</u> <u>Creation of the Zone</u>. Upon the closing of the above-referenced public hearing, the City Council may adopt an ordinance in accordance with the Act creating the Zone if (1) the City Council finds that development or redevelopment of the Property would not occur solely through private investment in the reasonably foreseeable future, (2) that the Zone is feasible, and (3) that improvements in the Zone will significantly enhance the value of all the taxable real property in the Zone and will be of general benefit to the City. Among other provisions required by the Act, the ordinance creating the Zone will appoint a Board of Directors for the Zone (the "Board").

<u>1.6</u> <u>Board Recommendations.</u> After the creation of the Zone, the Board will review this Preliminary Plan and approve and recommend to the City Council (1) a *Reinvestment Zone Number Four, City of Lewisville Final Project and Finance Plan* (as amended from time to time, the "<u>Final Plan</u>"), pursuant to which the City will contribute a portion of its ad valorem tax increment (the "<u>City Tax Increment</u>") attributable to new development in the Zone into a tax increment fund created by the City and segregated from all other funds of the City (the "<u>TIRZ Fund</u>") to the costs of public works, public improvements, programs, and other projects benefiting the Zone.

<u>1.7</u> <u>Council Action</u>. The City Council will take into consideration the recommendations of the Board, and will consider approval of the Final Plan.

#### 2. DESCRIPTIONS AND MAPS.

2.1 Existing Uses and Conditions. The Property is currently located in the corporate limits of the City and is zoned light industrial, medical district, multi-family one, mixed-use and planned development mixed-use. However there has been significant discussion between the City and the property owners regarding a change in the zoning to accomplish the North Gateway plan attached on **Exhibit G**. The Property is underdeveloped, and there is limited and aging public

infrastructure to support future development. Development will require more public infrastructure that: (1) the City cannot provide; and (2) will not be provided solely through private investment in the foreseeable future.

2.2 <u>Proposed Uses</u>. A map of the Property and description of the proposed uses of the Property are shown on **Exhibit C**.

2.3 Legal Description. A legal description of the Property is provided on Exhibit A.

3. **PROPOSED CHANGES TO ORDINANCES, PLANS, CODES, RULES, AND REGULATIONS.** The Property is wholly located in the corporate limits of the City and is subject to the City's zoning regulation. The City has exclusive jurisdiction over the subdivision and platting of the property within the Property, and the design, construction, installation, and inspection of water, sewer, drainage, roadway, and other public infrastructure.

4. **RELOCATION OF DISPLACED PERSONS**. No persons will be displaced or relocated due to the creation of the Zone or implementation of the Final Plan.

5. **ESTIMATED NON-PROJECT COSTS.** Non-project costs are private funds that will be spent to develop in the Zone but will not be financed by the Zone. The list of non-project costs includes developer initiated land assembly within the zone for private development and property owner initiatives on private property improvements. Non-project costs cannot be accurately detailed at this point in the TIRZ life, but it is hoped that private sector investment within the Zone will lead to a valuation that will be at least three times the cost of improvements within the Zone.

## 6. PROPOSED PUBLIC IMPROVEMENTS.

<u>6.1</u> <u>Categories of Public Improvements</u>. The categories of public works and public improvements (the "<u>Public Improvements</u>") that are proposed to be financed by the Zone are as follows: beautification, landscaping, streetscaping, parking facilities, parks/trails/open space and economic development, and other public improvements. All Public Improvements shall be designed and constructed in accordance with all applicable City standards and shall otherwise be inspected, approved, and accepted by the City. At the City's option, the Public Improvements may be expanded to include any other category of improvements authorized by the Act.

<u>6.2</u> <u>Locations of Public Improvements</u>. The estimated locations of the proposed Public Improvements are detailed in the Northern Gateway plan attached on **Exhibit G**. These locations are provided for informational purposes only and may be revised from time to time without amending the Final Plan.

7. **ESTIMATED PROJECT COSTS.** The total project costs for the Zone (the "<u>Project Costs</u>") include the Administrative Costs (defined below) and the costs of the Public Improvements, which are estimated to be \$26,000,000 in 2019 dollars, as set forth on **Exhibit D**.

7.1 Administrative Costs. The Project Costs for administration of the Zone shall be the

actual, direct costs paid or incurred by or on behalf of the City to administer the Zone (the "<u>Administrative Costs</u>"). The Administrative Costs include the costs of professional services, including those for planning, engineering, and legal services paid by or on behalf of the City. The Administrative Costs also include organizational costs, the cost of publicizing the creation of the Zone, and the cost of implementing the project plan for the Zone paid by or on behalf of the City. The Administrative Costs shall be paid each year from the TIRZ Fund before any other Project Costs are paid.

8. **ESTIMATED TIME WHEN COSTS ARE TO BE INCURRED.** The Administrative Costs will be incurred annually. It is estimated that the remainder of the Project Costs will be incurred during the time intervals set forth on **Exhibit E**.

9. **ECONOMIC FEASIBILITY**. For purposes of this Preliminary Plan, economic feasibility has been evaluated over the term of the Zone based on the feasibility study (the "<u>Feasibility Study</u>") prepared by Petty & Associates, Inc., a copy of which is attached as **Exhibit F**. This evaluation focuses only on "direct" financial benefits (i.e., tax revenues from new development in the Zone) and does not take into consideration the "multiplier effect" that will result from new development that occurs outside the Zone. As illustrated in **Exhibit F**, during the term of the Zone, new development that occurs in the Zone (which would not have occurred but for the Zone) will generate approximately \$32,661,707 in total new real property tax revenue over the term of the Zone. The City will benefit from new development in the Zone and retain approximately \$6,532,341.

These projections assume an annual property value inflation factor of 2%, with two years of 0% growth every ten years to simulate a market downturn.

Based on the foregoing, the feasibility of the Zone has been demonstrated. A portion of the new tax revenue generated by new development within the Zone will be retained by the City. The remainder of the new tax revenue generated by new development within the Zone will be available to pay actual Project Costs until the term of the Zone expires or until the Zone is otherwise terminated as hereinafter provided. Upon expiration or termination of the Zone, 100% of all tax revenue generated within the Zone will be retained by the City. During the term of the Zone, the City will deposit into the TIRZ Fund each year an amount that equals 80% of the City's real property taxes levied and collected that constitute the City's Tax Increment for that year (\$0.3546408 per \$100 valuation of the Captured Appraised Value (defined below) levied and collected for that year).

10. **ESTIMATED BONDED INDEBTEDNESS.** No bonded indebtedness issued by the City pursuant to the Act is contemplated.

11. **TOTAL APPRAISED VALUE.** The current total appraised value of taxable real property in the Zone is \$69,765,498. It is estimated that upon expiration of the term of the Zone, the total appraised value of taxable real property in the Zone will be \$587,097,688 in 2019 dollars.

12. **ESTIMATED CAPTURED APPRAISED VALUE TAXABLE BY THE CITY.** The amount of the City Tax Increment for a year is the amount of property taxes levied and collected by the City for that year on the captured appraised value of the Property which is the total taxable value of all real property taxable by the City in the Zone (the "Captured Appraised Value"), less the Tax Increment Base (hereinafter defined) of the Property. The Tax Increment Base of the Property is the total taxable value of all real property in the Zone for the year in which the Zone was designated (the "<u>Tax Increment Base</u>"). The Tax Increment Base of the Property is \$69,765,498, which amount was determined by the Denton County Appraisal District (the "<u>Appraisal District</u>") in which the Zone is located in accordance with Section 311.012(c) of the Act. The estimated Captured Appraised Value of the Zone during each year of its existence is set forth in the Feasibility Study and is verified by the Appraisal District. The actual Captured Appraised Value for each year will be used to calculate annual payments by the City into the TIRZ Fund pursuant to the Final Plan.

13. **METHOD OF FINANCING.** The City will, in the future, pay (using the TIRZ Fund) the Project Costs and will construct or cause to be constructed the Public Improvements. The City's approval of the Final Plan shall obligate the City to pay from the TIRZ Fund all actual Project Costs, which shall be reviewed and approved by the City, for Project Costs. Funds deposited into the TIRZ Fund shall always first be applied to pay the Administrative Costs. After the Administrative Costs have been paid, funds in the TIRZ Fund shall next be used to pay or reimburse the Project Costs. All payments of Project Costs shall be made solely from the TIRZ Fund and from no other funds of the City, unless otherwise approved by their respective governing bodies, and the TIRZ Fund shall only be used to pay the Project Costs. The Final Plan shall obligate the City to deposit into the TIRZ Fund each year for the duration of the Zone an amount equal to 80% of the City's real property taxes levied and collected that constitute the City Tax Increment for that year (\$0.3546408 per \$100 valuation of the Captured Appraised Value levied and collected for that year). All payments of Project Costs shall be made solely from the TIRZ Fund and from no other funds of the City unless otherwise approved by the Captured Appraised Value levied and collected for that year). All payments of Project Costs shall be made solely from the TIRZ Fund and from no other funds of the City unless otherwise approved by the City Council.

14. **DURATION OF THE ZONE; TERMINATION.** The term of the Zone shall commence immediately upon passage by the City Council of an ordinance creating the Zone and shall continue until December 31, 2040. If upon expiration of the stated term of the Zone the Project Costs have not been paid, the City shall not have any obligation to pay the shortfall. The provisions of this section shall be included in the ordinance that creates the Zone. Nothing in this section is intended to prevent the City from extending the term of the Zone in accordance with the Act.

15. **ECONOMIC DEVELOPMENT PROGRAMS.** The City Council and the Board have determined it to be necessary and convenient to the accomplishment of the objectives contained in and in the implementation of the Final Plan to establish and provide for the administration of economic development programs that may be used to incentivize retail development. The programs and grants authorized by this Section 15 are authorized by Section 311.010(h) of the Act and by Article III, Section 52-a, Texas Constitution, as amended. Section 311.010(h) of the Act provides that the Board, subject to the approval of the City Council, may establish and provide for the administration of one or more programs as the Board determines is necessary or

convenient to implement and achieve the purposes of the Final Plan, which programs are for the public purposes of developing and diversifying the economy of the Zone and developing business and commercial activity within the Zone. Such economic development programs may include, to the extent permitted by law, programs to make grants of any lawfully available money from the TIRZ Fund. Such programs are for activities that benefit the Zone and stimulate business and commercial activity in the Zone. This Section 15 is intended to be an economic development program authorized by Section 311.010(h) and by Article III, Section 52-a of the Texas Constitution, as amended. Development of the Zone will further the public purpose of developing and diversifying the economy of the Zone. The City Council and the Board have determined, and it is recognized, that such development will not occur through private investment in the foreseeable future, nor will such development occur only through public participation in the cost of the Public Improvements. All grants that are part of the economic development programs described in this Section 15 serve the public purpose of attracting new business and commercial activity to the Zone for the purpose of providing long-term economic benefits including, but not limited to, increases in the real property tax base for all taxing units within the Zone, and increased job opportunities for residents of the City, County, and the region, all of which benefit the Zone and the City.

16. **LIST OF EXHIBITS.** Unless otherwise stated, all references to "Exhibits" contained in this Preliminary Plan shall mean and refer to the following exhibits, all of which are attached to and made a part of this Preliminary Plan for all purposes.
