Re: House Build -1213 Holy Grail Drive, Lewisville, Texas Denton County.

Mr. Norfleet:

Atmos Energy's gas distribution pipeline serves the Holy Grail Drive residents in the alley behind the residents' homes. We have an easement here where our Main Line D9 runs through the alley as well. Atmos Energy Corporation, hereinafter referred to as "Atmos", has investigated your request to build a mother-in-law home on top of your garage at 1213 Holy Drive, and located in the J Dooley A-343 Survey, Abstrat-221 Denton County, TX.

Atmos has determined that there appears to be no Atmos facilities located within the property and property is not served with gas and Atmos has no objections to the building of the Home on the garage as long as the steps and deck face toward the homeowner's home and not the easement side. The corner of the garage encroached on the Atmos easement years ago. Atmos has no objection as the footprint will remain the same.

For safety reasons, please contact 811 to have the utilities marked prior to excavation or construction.

Please let me know if you need further assistance.

Kind Regards,
