1. [Continued Public Hearing: Consideration of an Ordinance of the Lewisville City Council, Amending the Zoning Ordinance by Rezoning Approximately 0.6158 Acres of Land, Legally Described as Lots 5 and 6 and a Portion of Lots 11 and 12, Block 3, O.B. Dick Subdivision; Located at the Southwest Corner of South Cowan Avenue and Hickory Street; From Old Town Mixed-Use Two \(OTMU-2\) District Zoning to Planned Development Old Town Mixed-Use Two \(PD-OTMU-2\) District Zoning; Correcting the Official Zoning Map; Preserving all Other Portions of the Zoning Ordinance; Determining That the Zoning Amendment Herein Made Promotes the Health, Safety, and General Welfare of the City; Providing for a Savings Clause, Repealer, Severability, a Penalty, and an Effective Date, as Requested by Steven Homeyer, Homeyer Engineering Inc., on Behalf of 421 S Cowan St LLC., the Property Owner \(Case No. 24-12-3-PZ\).](#)

ADMINISTRATIVE COMMENTS:

The owner purchased the property located at 421 South Cowan Avenue and the property to the west in 2023. The applicant is proposing to develop the two properties as a 13-unit townhome community. A Letter of Design Approval from the Old Town Development Review Committee was granted in November 2024 for the exterior elevations and site layout. The Planning and Zoning Commission recommended approval of this request by a vote of 4-1 on December 2, 2025. On January 5, 2026, the City Council continued this public hearing to the January 26, 2026, City Council meeting to give the applicant an opportunity to be present to address City Council concerns. That meeting was cancelled due to inclement weather. Subsequently, the applicant requested that the public hearing be continued to provide additional time to prepare and submit an economic incentive application related to a revised townhouse layout on the property. Staff readvertised the public hearing to appear on the March 2, 2026 City Council agenda since the meeting that the original public hearing was continued to was cancelled. At that meeting, the City Council continued the public hearing to April 6, 2026. Since that time, the property owner has requested that the application be withdrawn.

RECOMMENDATION:

That the City Council close the public hearing and take no action.

2. [Public Hearing: Consideration of an Ordinance of the Lewisville City Council, Amending the Zoning Ordinance by Granting a Special Use Permit for a Backyard Cottage on Approximately 0.3084 Acres Legally Described as Lot 1, Block A, Park Place Addition, Located at 1001 Forest Park Drive, and Zoned Single Family Residential \(R-12\) District; as Requested by Ainsley Stelling and Jeff Woods, the Property Owners. \(Case No. 26-01-2-SUP\)](#)

ADMINISTRATIVE COMMENTS:

The property owners are seeking to replace an existing detached garage with a backyard cottage to provide housing for a family member. The Unified Development Code includes supplemental regulations for backyard cottages, including a requirement of ten feet of separation from the principal building. The property owners cannot meet this requirement and are requesting a special use permit to allow the backyard cottage to have less than ten feet of separation. The Planning and Zoning Commission recommended unanimous approval, (6-0) with Commissioner Ainsley Stelling recusing herself, on March 17, 2026.

RECOMMENDATION:

That the City Council approve the ordinance as set forth in the caption above.

AVAILABLE FOR QUESTIONS:

Richard E. Luedke, FAICP, Planning Director

[Penalty, and an Effective Date.](#)

ADMINISTRATIVE COMMENTS:

Crown Centre is a subdistrict located within Castle Hills that was first brought forth to City Council as a variance package in 2020. It has since been adopted in the Castle Hills Planned Development with its own unique set of development standards. It consists of approximately 140 acres located at the southwest corner of SH 121 Business and the SH 121 Frontage Road (Sam Rayburn Tollway) and is bisected by FM 544. The Castle Hills Planned Development Ordinance, 0428-22-ZON, allows for text amendments following the same process as text amendments to the Unified Development Code. The office market has shifted since Crown Centre's development standards were originally adopted. Staff has worked with the developer's planning consultant team over the past few months to produce amendments to the text of the Crown Centre Subdistrict portion of the planned development to reflect this shift. The proposed ordinance is a companion to item number D.4 on this meeting agenda. The Planning and Zoning Commission recommended unanimous approval (7-0) on March 3, 2026.

RECOMMENDATION:

That the City Council approve the ordinance as set forth in the caption above.

ADMINISTRATIVE COMMENTS:

Crown Centre is a specific area located within Castle Hills that was first brought forth to City Council as a variance package in 2020. It has since been adopted in the Castle Hills Planned Development (PD) as a subdistrict within the overall PD with its own unique set of development standards. It consists of approximately 140 acres located at the southwest corner of SH 121 Business and the SH 121 Frontage Road (Sam Rayburn Tollway) and is bisected by FM 544. Crown Centre, which has three subareas, was originally proposed to provide a pedestrian-oriented, mixed-use urban development environment, with a high concentration of office uses. The office market has shifted since Crown Centre's development layout was originally adopted and, as such, the developer is seeking to amend the associated exhibits to reflect this shift. The applicant is proposing amendments to following Crown Centre Subdistrict exhibits: 1. Concept Plan Exhibit 4B; 2. Framework Plan Exhibit 4C; and, 3. Circulation Cross-Section Exhibit 4D. The proposed ordinance is a companion to item D.3 on this meeting agenda. The Planning and Zoning Commission recommended unanimous (7-0) approval on March 3, 2026.

RECOMMENDATION:

That the City Council approve the ordinance as set forth in the caption above.

The scope of work includes, but is not limited to, installation of bike lanes, parallel parking, pavement markings, enhanced sidewalks, crosswalks, ADA ramps, landscaping, curb bulb-outs, and related improvements along the 1.5-mile corridor. A total of forty-nine (49) bid invitations were downloaded from Bonfire. Two (2) bids were received and opened on January 21, 2026. ADMINISTRATIVE COMMENTS:

The Prairie Creek Wastewater Treatment Plant, originally built in the 1950s, is approaching 90% of its permitted treatment capacity. Under Texas Commission on Environmental Quality (TCEQ) regulations, the City must be under construction to expand the facility once this threshold is reached. This project ensures continued regulatory compliance and supports projected wastewater flow demands and is consistent with the Prairie Creek Wastewater Plant Master Plan completed in October 2020. Final design was completed in October 2025. A total of one-hundred sixty-five (165) competitive sealed proposals were downloaded from Bonfire. One (1) proposal was received and opened on December 16, 2025. Based on the evaluation matrix, Crescent Constructors, Inc. is recommended for award as the best value to the City. ADMINISTRATIVE COMMENTS:

In anticipation of expiring mowing and landscaping contracts and concerns of continuity of service, the city sought to identify a contractor(s) to provide mowing and landscaping services for five different zones 4, 5, 7, 8 and 9. A

total of seventy-six (76) requests for proposals were downloaded from Bonfire. Seven (7) proposals were received and opened on November 24, 2025. Based on the evaluation matrix included in the request for proposals, Yellowstone Landscape received the highest evaluation score for the bid and is being recommended for the award for Zones 4, 5, 7, 8, and 9 as the best value to the City. The contract for Zones 4 and 5 awarded by Council on May 5, 2025 will be extended with the current contractor to ensure coverage is maintained. Yellowstone will serve as the secondary vendor for those zones. Funding is available through the Parks and Recreation and Public Services department operating budgets.

ADMINISTRATIVE COMMENTS:

In 2025, the City Council approved a construction contract with Wilson Contractor Services, LLC for the Midway Branch Force Main Project. The project includes the installation of approximately 23,000 linear feet of 30-inch force main that will connect to the new lift station, extend along Corporate Drive, and discharge to the Prairie Creek Wastewater Treatment Plant. Following a Request for Qualifications (RFQ) process conducted in August 2025, Kleinfelder was selected as a qualified firm to provide these services. Based on Kleinfelder's qualifications, prior experience with the City, and demonstrated performance, staff recommends their selection to provide material testing services for the Midway Branch Force Main Project. ADMINISTRATIVE COMMENTS:

The McKenzie-Hembry project consists of replacing asphalt paving with concrete paving, sanitary sewer and water main improvements and adding storm drain and sidewalks where right of way allows within the neighborhood. The project consists of two phases. Phase I project includes paving, drainage, water and sanitary sewer improvements on McKenzie St. from Mill St. to east of Willow St., Hembry St. from Mesquite St. to Purnell St. and Mesquite St. from Mill St. to Hembry St. Staff has negotiated a Professional Services Agreement with Dunaway Associates, LLC. in the amount of \$726,022 plus a 5% contingency for a total cost of \$762,323 for the design services for approximately 8,000 linear feet of pavement and associated utility improvements.
