MEMORANDUM

TO: Claude King, City Manager

FROM: Nika Reinecke, Director of Economic Development & Planning

DATE: November 16, 2011

SUBJECT: **Consideration of an Ordinance for a Zone Change Request From Light Industrial to Warehouse on 1.029 Acres, Located Immediately South of Stonewall Drive and West of Huffines Boulevard; Further Identified as Lot 10R, Block A of the Riverview Industrial Park Addition, as Requested by Marluc LLC, the Property Owner (Case No. PZ20111009).**

BACKGROUND

The 1.029-acre undeveloped property is located immediately south of Stonewall Drive and west of Huffines Boulevard within the Riverview Industrial Park Addition. Land surrounding the site to the east, west, and south is zoned Specific Use (SU), while property to the north is designated as Heavy Industrial (HI). Areas further to the east are generally classified as Light Industrial (LI) and Agricultural Open Space (AO).

On July 2, 2001, the Lewisville City Council approved a request to change the zoning from Heavy Industrial (HI) to Specific Use (SU) to allow for three radio towers on 49.36 acres of land including the subject property. In February of 2003, approval of a final plat for lots 8R-11R, Block A, created three small parcels along the northern property boundary that were not needed for the tower fall zone radiuses. These remainder lots were rezoned to Light Industrial (LI) on April 7, 2003 in conjunction with a request to modify the Specific Use (SU) zoning for the radio tower site to permit four towers instead of three. The subject property is lot 10R, the easternmost and smallest of the three remainder parcels. The owner had recently submitted a request for zoning change from Light Industrial (LI) to Heavy Industrial (HI). On August 2, 2011 the Planning and Zoning Commission recommended denial of the applicant's request to change the zoning to Heavy Industrial (HI). The applicant chose to not move forward to the City Council and withdrew the case.

ANALYSIS

The applicant is now proposing to change the zoning of the subject property from Light Industrial (LI) to Warehouse (WH) in order to accommodate a storage facility and unlimited outdoor storage for vehicles and mobile/modular buildings. Light Industrial zoning limits outside storage to ten percent of the lot area, while the Warehouse classification does not impose any restrictions. In addition the owner provided voluntary deed restrictions to limit the types of uses permitted for outside storage. In discussion with staff, the owner volunteered deed restrictions to limit the outside storage to "Vehicles" only, however when he submitted the deed restrictions for filing, he had included the mobile/modular homes in the definition of "Vehicle". Although the

unlimited storage of motorized vehicles may not have a significant negative impact in the area, allowing for storage of stationary items including mobile and modular buildings is not recommended by staff

Staff explained at the P&Z meeting on October 18, 2011 that the definition of "Vehicles" in the deed restrictions is not the same as originally discussed. The Planning and Zoning Commission recommended approval of the zoning change request and accepted the deed restrictions as submitted by the owner including the owner's definition of "Vehicle".

RECOMMENDATION

Staff recommends that the City Council consider the proposed ordinance amending Chapter 17 of the Lewisville City Code, the Comprehensive Zoning Ordinance, as set forth in the caption above.
