Have you attended one or more meetings of the Boards/Commission/Committee for which you have applied?
No

Please write a brief narrative outlining your interests and qualifications for seeking appointment: I am a graduate of Citizens University and have a real love for our city. 2025 is the direction we are going, and I want to be apart of that. As we grow nearer to Castle Hills coming into Lewisville proper, I'd love to be apart of that transition and to make the social and logistical side of that smooth as possible. I am also a business owner in Old Town (I rent right now) and want to be able to help in those improvements. Recently the COL FB Page had alot of rumblings due to folks not feeling connected - I'd love, with the city's guidance, to help be a connector between the city and the people. Working on 2025 I feel could really help with that. I want to commit to seeing our city grow and flourish. I plan on living here a very, very long time and want to invest in the good things happening here!

What do you hope to accomplish by serving on a Board or Commission? Help be a guiding force for our city as we continue to improve our community parks, streets, Old Town, and begin to have Castle Hills incorporate.

What else would you like to tell us about yourself? I have been on ZBOA, but that is as an alternate position. It's a great board, but I feel 2025 would be an amazing opportunity to serve. I would like to have a permanent volunteer position of service that I can invest in on a greater scale. I also know some folks on this board and feel that my contributions could compliment the skills already there.
