Please write a brief narrative outlining your interests and qualifications for seeking appointment: I saw the need for Lewisville to create it's identity 10 years ago. I am very involved in the Denton and Frisco area. Frisco became a city in 1995 and was a farm town. They had a blank canvas. Denton has been a city for a long time but forgot who they were. When they remembered that's when you saw the revitalization of the Square and the city as a whole. Lewisville never really had an identity until the 2025 Plan. I say all that to say that is where my interest lie. I've been apart of other communities that have what we want (in a sense) and I want to help us get to where we are going.

What do you hope to accomplish by serving on a Board or Commission? Giving back to my community and assisting others to make sure we are heading in the right direction that we want our city to be

What else would you like to tell us about yourself? I'm awesome!
