

ECONOMIC DEVELOPMENT AGREEMENT

THIS ECONOMIC DEVELOPMENT AGREEMENT ("Agreement") is entered into by and between the City of Lewisville, Texas, a home rule municipality duly acting by and through its City Manager ("City") and Michael & Hiyasim Noyes ("Owner"), collectively referred to as Parties ("Parties").

W I T N E S S E T H:

WHEREAS, the City finds that the administration of a program to install public and private fire suppression improvements in certain areas of Old Town Lewisville, hereinafter referred to as "Program," would promote local economic development, stimulate business activity, and increase property values in the Old Town area and would further constitute historical preservation activities by significantly increasing the protection of the historic buildings which are a signature of the Old Town area from destruction by fire, thereby directly establishing a public purpose; and

WHEREAS, the City has determined that said Program contains sufficient controls to ensure that the above-mentioned public purposes are carried out in all transactions involving the use of public funds and resources in the establishment and administration of the Program; and

WHEREAS, pursuant to Chapter 380 of the Texas Local Government Code (hereinafter referred to as "Chapter 380"), the City adopted an Economic Incentive Policy for making economic development incentives and grants on June 20, 2016, and as amended (hereinafter referred to as "the Policy Statement"); and

WHEREAS, the Policy Statement constitutes appropriate guidelines and criteria governing economic development agreements to be entered into by the City as contemplated by Chapter 380; and

WHEREAS, in order to maintain and/or enhance the commercial economic base of the Lewisville area to the long-term interest and benefit of the City, in accordance with said Statute, the City desires to enter into this Agreement; and

WHEREAS, the City Council of the City of Lewisville, Texas authorized this Agreement pursuant to Chapter 380; and

WHEREAS, the Owner currently owns the property including the building located at 123 Main Street Lewisville, TX 75057 (“Property”), which is more fully described in Attachment A, attached hereto and made a part hereof; and

WHEREAS, the close placement and connection of the buildings in Old Town Lewisville and the historic nature of the buildings makes those structures more susceptible to fire that can spread quickly from building to building; and

WHEREAS, containing a large structure fire to a single building in Old Town Lewisville with manual firefighting only would be both dangerous to firefighters and unlikely to succeed, thus endangering an entire quadrant of historic buildings; and

WHEREAS, fire suppression improvements, including fire alarms and fire suppression sprinklers, can greatly reduce the risk of a fire in one building spreading to closely-spaced adjacent or connected buildings, thus protecting the historic buildings in Old Town Lewisville and the businesses operating therein; and

WHEREAS, the cost of retrofitting existing historic buildings in Old Town Lewisville with fire suppression improvements, including fire sprinklers, is a barrier to property redevelopment and revitalization in that area, and installation of fire suppression improvements under this Agreement will foster reinvestment and business growth in the area; and

WHEREAS, the City desires to see the Property and other Old Town Lewisville properties and the businesses operating therein protected from destruction by fire through the installation and maintenance of public and private fire suppression improvements, in order to maintain the commercial economic base of the City; and

WHEREAS, the Owner desires to have improvements installed for fire protection purposes on the Property; and

WHEREAS, the Parties desire to enter into this Agreement pursuant to Chapter 380; and

WHEREAS, the City desires to grant to the Owner, pursuant to Chapter 380, the Private Improvements, hereinafter defined, to the Property in order to protect the City and other businesses and historical structures in Old Town Lewisville; and

WHEREAS, the City desires to enhance and preserve Old Town Lewisville by protecting historic Old Town properties; and

WHEREAS, the City finds that the administration of an economic development agreement to install the Private Improvements on the Property would promote local economic development

and stimulate business and commercial activity within the municipality and would directly establish a public purpose; and

WHEREAS, the City has determined that this Agreement contains sufficient controls to ensure that the above-mentioned public purposes are carried out in all transactions involving the use of public funds and resources in the establishment and administration of the Agreement.

NOW THEREFORE, in consideration of the mutual benefits and promises contained herein and for good and other valuable consideration, the adequacy and receipt of which is hereby acknowledged, including the protection and preservation of the historic buildings of Old Town Lewisville and the businesses therein, which contributes to the economic development of the City and the enhancement of the tax base in the City, the Parties hereto do mutually agree as follows:
