REQUEST FOR PROPOSALS

RFP # 20-13-A

MOWING SERVICES

SPECIFICATIONS
RFP #20-13-A
MOWING SERVICES

SPECIAL PROVISIONS

1. Proposals received by the City will be compared based on the evaluation criteria provided within the specifications. The unit price requested will be used only for adjusting the total contract price should specific mowing areas require less or increased mowing as the need arises.
2. Contractors are cautioned not to submit their proposals until specifications and sites have been carefully examined. A proposal shall be submitted for the five identified mowing zones including creek channel mowing and TxDOT landscape and debris maintenance. Maps and a descriptive location are provided to assist with approximate site locations of areas to be mowed. Approximate acreage is provided as a guide only. Contractors are responsible for verification of the size of the areas to be maintained. Proposals are not to be submitted based solely on the estimated acreage provided. Field observations are required to determine exact locations and boundaries of areas to be mowed. Parks Department representatives are available to assist as needed to identify areas. The map of the City's mowing locations is attached in the appendix below. A pre-bid meeting will take place on Wednesday, January 8, 2020.
3. The City mowing areas are subdivided into five zones, which contractors will need to submit a separate pricing for each zone they propose to manage in their proposals. A contractor can submit proposals for multiple zones and each zone will be evaluated with the evaluation criteria set by the City.
4. Contractor must submit with their proposal a completed Proposal Questionnaire. This consists of information regarding equipment, crew members' experience and the number of days needed to complete one mowing cycle in each zone. The equipment used shall be acceptable in terms of types, capacity and quantity to safely and efficiently perform the mowing work as specified.
5. Contractor must submit with their proposal a completed Bidders Qualification Statement, including current phone numbers and contacts.
6. The contractor must be licensed by the Texas Department of Agriculture to administer the integrated pest management program required in this bid. A copy of the license and list of the license numbers shall be submitted with the proposal response.
7. Before the beginning of each mowing season (March), the contractor will meet with the City representative to review the procedures and expectations for work to be completed, reporting and payment processes. A notice-to-proceed will be issued by the City representative after this meeting has occurred each year of the contract.

CONTRACTOR OPERATIONS

1. The Contractor will work under the direction of the Parks Manager or their Representative hereafter referred to as "The City Representative" who will monitor the maintenance by inspections to determine the acceptance or rejection of Maintenance as required under this contract.
2. Contractor will operate as an independent contractor and not as an agent, representative, partner or employee of the City of Lewisville, and shall control their own operations at the work site and be solely responsible for the acts or omissions of their employees.
3. Weekly the Contractor shall identify the areas their employees will be working by emailing a list of the areas to The City Representative no later than 9:00 a.m. Monday. The Contractor shall give direct personal supervision to the work or shall always have a competent supervisor on the job site during process of the work, with authority to act on behalf of the contractor, and be available for consultation with the City Representative. A list of sites completed each day shall be submitted to the City Representative by close of business that day.
4. If the standards of care established for this contract are not observed by City Representative upon initial inspection, Contractor will be notified that the site failed inspection and be given 24 hours to address issues. Upon completion of work, Contractor shall request a second inspection. A fee of \$25 will be deducted from the appropriate monthly billing the contractor for re-inspection. If upon second inspection, issues are not corrected to meet standards of the contract, payment for the cycle at each site will be withheld.
5. Failure to complete work during established schedule of cycles for each site, will result in a loss of payment for each area or site not completed during the cycle.
6. Contractor may not sell, sublet or otherwise assign the contract maintenance responsibilities to others without prior written consent of the City of Lewisville.
7. Contractor must provide a valid telephone number, email address and address to the City Representative. The telephone must always be answered while contractor's personnel are working on site.
8. The contractor will provide a list of names and twenty-four (24) hour emergency phone numbers for all key personnel related to the project.
9. All wages, taxes, and worker's compensation of all contract employees shall be paid by the Contractor.
10. The Contractor will be required to keep sufficient equipment and labor on hand to perform the maintenance requirements outlined in this proposal.
11. For TxDOT 1H-35 Zone, the Contractor will be required to provide either rigid-frame mowers with a maximum cutting width of 9 feet or batwing rotary mowers equipped with sharp blades to cleanly cut vegetations using deflection devices to prevent flying debris ejected by mowers; provide "slow-moving vehicle" emblem affixed to rear of mowers; provide highly visible omnidirectional amber flashing

warning lights on tractors and work trucks; portable pressure washer with minimum operating pressure of 1,500 psi to wash mowing equipment; equipment that prevents accumulated debris from being strewn along roadway during transport.

12. Contractor shall park vehicles and equipment off City streets where possible. Under no circumstances shall any vehicle or equipment be parked on the inside lane of any street. Any vehicle or equipment parked in the far-right lane of any street shall have on safety flashers. The area behind the parked unit must be closed and marked in accordance with the Texas Manual on Uniform Traffic Control Devices including but not limited to triangular reflective yield signs. All contractor vehicles shall be clearly identified with the Contractor's company name and telephone number. Contractor shall load up equipment during break times and move off the City streets. All overnight parking must be done on contractor's shop yard.
13. The equipment used shall be acceptable in terms of types, capacity and quantity to safely and efficiently perform the mowing work as specified. All mowing equipment must have protective shields in place to prevent foreign objects from being thrown from the cutting unit. All equipment is to be marked with company name or logo. All equipment is to be well maintained throughout the term of the contract. Daily cleaning of equipment is required before starting a site to prevent spreading of noxious weeds and diseases. All equipment is subject to regular inspections by the City representative throughout the term of the contract.
14. Contractor employees shall wear fluorescent traffic safety vests or clothing while performing maintenance.

EMPLOYEES

1. The contractor shall designate a full-time superintendent who shall always be on the job site during each mowing. The City's representative will communicate only with the superintendent. The contractor may replace the designated superintendent after written notification to the City.
2. All employees performing work on the properties listed in the proposal invitation shall at all times present a professional and courteous image to the public. Each employee shall wear a company uniform and all appropriate safety gear.
3. The contractor shall submit a list of all subcontractors to the City for approval, if there are any hired to assist the contractor on the job.

LANDSCAPE MAINTENANCE SCHEDULE FOR ZONES 1-4

BASE MAINTENANCE FUNCTIONS	TOTAL	JAN	FEB	MAR	APR	MAY	JUNE	JULY	AUG	SEPT	OCT	NOV	DEC
Litter Removal and Bed Weed Control	Up to 35	0	0	4	5	4	5	4	2	4	4	3	0

Shrub & Ground Cover Pre-Emergent	2	0	1	0	0	0	0	0	0	1	0	0	0
Replenish mulch to 2" depth	2			1						1			
Maintain Ornamental Trees for Shape & Form	2				1					1			
Maintain Tree Canopies (Min. 8 ft.)	1		1										
Insect Control (Shrubs & Orn. Trees Only)	4			1		1		1		1			
Spot-Treatment Fire Ant Control	7				1	1	1	1	1	1	1		

Mowing operations shall be performed Monday through Friday unless directed otherwise. If contractor needs to work on Saturday or Sunday, pre-approval from City Representative must be requested by noon on the Thursday prior to weekend work being performed. No work shall be performed on holidays. Work hours are between 7:00 a.m. to sunset. Work will not be allowed on the following holidays:

- New Year's Day
- Martin Luther King's Birthday
- Memorial Day
- July Fourth
- Labor Day
- Thanksgiving Holidays
- Christmas Eve and Day

1. Once a site has been started, mowing, trimming and blowing of clippings shall be completed that day, interrupted only by weather or as directed. (Ex. If site #1 is started on Thursday, the median, right-of-way and alley at that site must be completed before the contractor leaves for the day).
2. Grass is to be cut on specified cycle as set forth in the schedule provided in proposal documents.
3. During mowing season, frequency of mowing a site may increase or decrease depending on the prevailing situation. The City of Lewisville reserves the right to

eliminate any cycle or portion thereof and to add additional cycles at the City's discretion. Missed or cancelled cycles will not be compensated, additional cycles will only be compensated at the accepted additional cycle rate per site and only when approved by City.

4. Ozone Alert Days: On ozone alert days, the contractor is required to refrain from mowing and trimming until after 10 A.M., unless diesel powered, or alternative fuel equipment is used. Alternate fuel commercial mowing equipment such as propane powered or compressed natural gas equipment is acceptable to use without any restriction on ozone alert days. It is the responsibility of the contractor to be aware of ozone alert conditions.

MOWING AND TRIMMING

1. Turf shall be maintained to ensure a solid, healthy Bermuda grass stand virtually free of weeds and undesirable grasses.
2. The mowing of the specified areas shall include the mowing and trimming of all weeds and grasses within each area. A maximum cutting height of 2.5 inches is required.
3. All litter shall be removed by the contractor prior to mowing. This includes, but is not limited to bottles, cans, paper, brush, rocks, tree limbs, etc., which are not intended to be part of the landscape. Shredded litter must be removed the day of mowing or a \$25.00 penalty for each area identified per site will be deducted from the appropriate monthly billing. Payment for the site will be withheld until site has been cleared of debris.
4. Bruising or rough cutting of grass is not permitted. The blades of mowers shall remain sharpened and the height of mowers' deck will be adjusted and operated so that the grass is cut at a uniform height.
5. Do not mow designated non-mow areas and ensure stands of wildflowers are not mowed before seeds have matured, unless otherwise directed.
6. Clippings shall not be blown or allowed to fall into the streets, roadways, and storm drainage system. Excessive clippings in the street or roadways must be removed from the site *immediately* after each mowing and properly disposed. A \$25.00 penalty for each area identified at the end of the mowing cycle with excessive clippings will be deducted from the appropriate monthly billing.
7. Trimming shall include, but is not limited to, cutting or removal of plant material adjacent to or under structures, trees, poles, signs, fences, etc. Contractor is also responsible for removal of all weeds and grass from expansion joints and cracks in all asphalt and concrete surfaces. Trimming shall include use of mechanical string trimming and chemical trimming when approved by City. Approved chemicals shall be used for trim spraying where mechanical string trimming is not effective.
8. The tree rings shall be maintained free of weeds and grass the duration of the contract. Placing of mulch around trees of 6" caliber or smaller is required to suppress weeds. Trimming of trees will include the removal of suckers (by hand, using hand pruners) from the trunk and/or base of all trees and ornamental trees. Mechanical string

trimming shall not touch the base of any tree. A penalty will be charged for any damage caused by contractor using a mechanical string trimmer.

9. Mowing and trimming of medians and adjacent rights-of-way should occur on the same day.
10. All concrete, asphalt areas, brick pavers, paved ends on medians, and/or rights-of-way shall be weed/grass free and blown clean of all debris after each cycle.
11. All edges shall be neatly edged (curbs and sidewalks-steel blade edger required) after each cutting. All material dislodged by edging must be removed from the site.
12. Contractor will be responsible for any damage done to plant material or other property during maintenance operations. Contractor will be responsible for replacement of all trees, shrubs, and ground covers destroyed by their employees. Each tree bumped or marked by mowing or trimming shall cost the Contractor \$25.00 per occurrence. Each \$25.00 penalty shall be deducted from the appropriate monthly billing.
13. Any damage done to irrigation (heads, bubblers, etc.) shall be immediately repaired by the Contractor at his expense. The Contractor shall notify City Representative of any damage to irrigation system. The City Representative shall inspect repair and determine if City Irrigation Crews need to make additional repairs. The Contractor will be responsible for reimbursing City for repairs made by City Irrigation Crews due to damage caused by Contractor.

CHEMICAL AND FERTILIZATION OF MEDIANS

1. Awarded contractor must follow all label guidelines and have licensed applicators approved to spray in the state of Texas to perform the applications.
2. Copy of licenses shall be sent to the City of Lewisville prior to any applications of chemicals or fertilizers.
3. Medians and acreage affected under this proposal are as follows. Acreage are estimates only and are required to be verified by bidders.
 - Summit Ave. from 407 to Main St. (3.69 acres)
 - Valley Ridge from Mill St. to Lone buck (9.17 acres)
 - Valley Ridge from College St. to 121 (1.10 acres)
 - Valley Parkway from 121 to Kirkpatrick Ln. (10.51 acres)
 - College Pkwy from I-35 Service Rd to Kirkpatrick Ln. (6.65 acres)
 - MacArthur Blvd from 3040 to Lake Vista Dr. (1.45 acres)
 - Garden Ridge Blvd from Main St. to Bellaire Blvd. (1.25 acres)
 - Bellaire Blvd. from SH 121 to Garden Ridge Blvd. (6 acres)
 - FM 3040 from SH 121 to I-35 (1 acres)
 - Hebron Prkwy from I-35 to city limit (1.7 acres)
 - Main St. and Mill St. (.12 acres)
 - SH 121 From Main St. to FM 544
4. **Pre-Emergent program for turf.**

- 3 applications of Prodiamine 65WDG or approved equal at a rate of 0.50 oz. per 1000 sq. ft.
 - Target dates for applications unless otherwise approved by authorized Park and Recreation Department (PARC) personnel.
 - 1st application February 15 through March 1st
 - 2nd application August 15 through September 1st
- 5. Over spraying program for dormant turf.**
- One application of Ranger Pro with 41% glyphosate or approved equal with 1.5 oz. rate per 1000 sq. ft.
 - Target date for application unless otherwise approved by authorized PARC personnel.
 - January 31st through February 15th
- 6. Post-Emergent application for turf.**
- One application of Weedestroy Am with 46.8% active ingredient or approved equal with 0.383 oz. rate per 1000 sq. ft.
 - One application of Celsius WG or approved equal with 1.085 oz. rate per 1000 sq. ft.
 - Each application to be sprayed 10 to 15 days apart unless otherwise approved by PARC personnel.
 - Target dates for application.
 - 1st application April 15th through May 1st
 - 2nd application September 1st through September 15th
- 7. Fertilization application for turf.**
- 3 applications of a 33-0-0/Ammonium Sulfate at a rate of 250lbs per acre.
 - Target dates for application
 - April 1st
 - June 1st
 - September 1st
8. A picture and list of all application equipment used shall be submitted to the City Representative along with any inspection reports, model and unit numbers and any TDA or structural inspection reports.
9. All equipment shall be calibrated for correct application rates and to reduce over spraying of target areas.
10. All equipment shall be subject to inspection by an approved City Representative prior to any applications.
11. All equipment shall have the vendors name and contact information prominently displayed.
12. Any over spreading of granular fertilizer will be cleaned up off of roadways and cross walks immediately.
13. Any and all chemical and fertilizer spills must be reported to the City and cleaned up/

disposed of as per applicable Hazmat laws and regulations.

14. Copies of all application records must be submitted to the City Representative after each application.

LANDSCAPE BED MAINTENANCE

1. The contractor is responsible for developing and implementing a total landscape care program for all plant material contained within landscape planting beds to ensure healthy and vigorous plant growth. This program shall be submitted to City Representative for review and approval two weeks prior to initial cycle of the contract and each subsequent mowing season.
2. The Median Landscaped Beds are in median areas identified for mowing. This maintenance is in addition to the general mowing requirements.
3. The Corridor ROW Landscaped Beds are in parkways/rights-of-way areas identified for mowing. This maintenance is in addition to the general mowing requirements.
4. The landscape schedule on the ZONE ACERAGE chart is to be considered the **minimum** requirements used to maintain the Median Landscaped Beds and the Corridor ROW Landscaped Beds. If these minimum activities fail to result in healthy, vigorous growth, the contractor will be required to implement additional measures to bring the planting beds into compliance.
5. The contractor shall be responsible for replacement of plant materials that is damaged or dies within the Median or ROW Landscaped Beds under Contractor's care. Replacement plant materials shall be North Texas native plants and must be approved by the City Representative.
6. Mulch within the Landscaped Beds shall be maintained at a settled depth of 2". Hardwood mulch shall be spread annually in **March** and maintained as needed for the duration of the year.
7. All tree care shall be supervised by a certified arborist. Contractor will notify the City if a subcontractor or an independent certified arborist is hired to take care of the trees. Trees shall be pruned once each year, or at the direction of the City. Dead or damaged limbs shall be pruned and removed during the mow cycle during which they are discovered.
8. Contractor will exercise every necessary precaution for the safety of the property and the protection of all persons and/or property located adjacent to or making passage through said property. All claims and repairs are to be made by the Contractor in a timely manner.

CREEK CHANNEL MOWING ZONE 4

1. The intent of this zone is to mow all Creek Channels listed eight (8) times per year at one (1) time per month. Mowing is intended to begin March 1st and conclude in November. This is subject to change according to seasonal weather whereas the

- beginning and end mowing may be moved forward or backward because of early or late season growth.
2. In the event, more or less mowing is needed, the owner will inform the contractor no less than one (1) week in advance of any scheduled mowing.
 3. The frequency of mowing a site may also change depending on the prevailing situation. The City of Lewisville reserves the right to eliminate any cycle or portion thereof and to add additional cycles at the City's discretion. Missed or cancelled cycles will not be compensated, additional cycles will only be compensated at the accepted additional cycle rate per site and only when approved by City.
 4. All creek channel mowing will be cut to a maximum height of six (6) inches and all vegetation will be mowed to the center of the creek channel except for Prairie Creek in which mowing shall cease 10 feet away from the creek's edge.
 5. The contractor shall remove litter. Any litter that is shredded will be removed the same day.
 6. Clippings shall not be blown into the street or water ways. Clippings in the street or waterway shall be removed from the site after each mowing and properly disposed.
 7. In the event machinery becomes stuck, it is the contractor's responsibility at their expense to get machinery out. Any areas that become impossible to mow due to erosion or down trees will be brought to the City Representative's attention prior to entering the area.
 8. In the event machinery becomes stuck, it is the contractor's responsibility at their expense to get machinery out.

IH-35 MOWING AND DEBRIS/LITTER REMOVAL ZONE 5

1. The intent of this zone is to remove debris and mow all vegetated areas along Interstate Highway 35 East (IH-35E) between mile markers 447 and 455.
2. Mowing will occur four times per year March, June, August and October. Each cycle will be completed no sooner than the 15th of the month but not later than the 28th of the month.
3. Mowing height shall be between 5 to 7 inches. Ensure wet ground is not mowed when rutting can occur, unless otherwise approved.
4. Do not mow designated non-mow areas and ensure stands of wildflowers are not mowed before seeds have matured, unless otherwise directed.
5. Hand-trim around fixed objects with mowed area. Complete hand trimming on each roadway within 24 hours of mowing. Ensure trees and shrubs are not damaged.
6. Notify City Representative of any damage to appurtenances immediately. Contractor will be responsible for restoring appurtenances damaged by mowing operations.
7. Mowing shall be executed to provide sight distance at horizontal curves, intersections and ramps.
8. Pressure wash mowing equipment before the equipment enters or leaves zones.
9. Debris and litter removal will occur 16 times per year (once per month with an extra cycle each month mowing occurs). During months when mowing occurs the contract shall perform a debris and litter removal cycle 48 hours before and after a scheduled mow.
10. Debris and litter removal include objects not part of the highway facility such as trash, garbage, scrap metal, paper, wood, plastic, glass products, animal remains, rubber products, tires, auto parts, furniture, mattresses, household appliances and large bulky items.
11. Remove bagged litter on the same day it is collected. Notify the City Representative for

any removal of dead animals larger than 150 pounds or hazardous materials. Dispose of litter in accordance with federal, state and local regulations.

INSURANCE

1. Contractor shall provide a Certificate of Insurance compliant with The City of Lewisville's Exhibit B insurance requirements. Insurance must be approved before work may commence and remain in effect throughout the term of the contract.

TERM

The term of the contract will be twelve months, with option to extend for up to two (2) additional twelve-month periods.

At the beginning of each contract extension period, prices will be adjusted based on the November Dallas-Fort Worth Consumer Price Index (CPI) "ALL ITEMS" as issued by the U.S. Department of Labor. This index may be found on the internet at the following address:

https://www.bls.gov/regions/southwest/news-release/consumerpriceindex_dallasfortworth.htm

Unit prices will be increased or decreased by the percentage of change indicated for a one-year period (from November to November). The adjusted price will remain in effect for the pursuing contract extension period.

EVALUATION CRITERIA

Proposals will be scored by an evaluation committee consisting of City staff. Proposals will be scored with regards to the following criteria and associated weights:

- | | |
|---|-----|
| • Price | 30% |
| • Equipment | 30% |
| • Previous Municipal Experience | 15% |
| • Previous Experience | 15% |
| • Number of days to complete a mowing cycle | 10% |

Bonus for alternative fuel equipment (must be used in the course of performing work)

Off-set price score by following percentages:

10 -25% of fleet alternative fuel equipment - 5%

26-50% of fleet alternative fuel equipment - 10%

51 - 100% of fleet alternative fuel equipment - 15%

If qualified bidders submit equivalent proposals but one bidder offers use of alternative fuel equipment they will receive a boost in their price score according to the chart above to offset the cost of using the equipment.

Bidder 1 (no alternative fuel equipment) submits a bid of \$10,000

Price score is 30

Bidder 2 (25% alternative fuel equipment) submits a bid of \$10,000

Price Score is $30 \times 1.05 = 31.5$

CITY OF LEWISVILLE PURCHASING DIVISION ADDITIONAL TERMS

ANTI-LOBBYING PROVISION

During the period between proposal / sealed bid submission date and the contract award, proposers, including their agents and representatives, shall not directly discuss or promote their proposal with any member of the City of Lewisville City Council or City staff except in the course of City-Sponsored inquiries, briefings, interviews, or presentations, unless requested by the City.

This provision is not meant to preclude offerors from discussing other matters with City Council members or City staff. This policy is intended to create a level playing field for all potential offerors, assure that contract decisions are made in public, and to protect the integrity of the RFP / Bid Evaluation process. Violation of this provision may result in rejection of the offeror's proposal.

LAWS AND ORDINANCES

Laws and Ordinances: The Contractor shall at all times observe and comply with all Federal, State and local laws, ordinances and regulations which in any manner affect the Contract or the work, and shall indemnify and save harmless the City against any claim arising from the violation of any such laws, ordinances and regulations whether by the Contractor or his employees.

PROTECTION OF RESIDENT WORKERS

Protection of Resident Workers: The City of Lewisville actively supports the Immigration and Nationality Act (INA) which includes provisions addressing employment eligibility, employment verification, and nondiscrimination. Under the INA, employers may hire only persons who may legally work in the United States (i.e., citizens and nationals of the U.S.) and aliens authorized to work in the U.S. The employer must verify the identity and employment eligibility of anyone to be hired, which includes completing the Employment Eligibility Verification Form (I-9). The Contractor and its Subcontractors shall establish appropriate procedures and controls so no services or products under the Contract Documents will be performed or manufactured by any worker who is not legally eligible to perform such services or employment. The City reserves the right to audit Contractor's or Subcontractor's employment records to verify the existence of a completed Employment Eligibility Verification Form (I-9) for every worker performing services or manufacturing products under the Contract Documents. The audit will be at the City's expense.

IMMIGRATION REFORM AND CONTROL ACT

Immigration Reform and Control Act (8 U.S.C. §1324a): The City of Lewisville supports the Immigration Reform and Control Act (IRCA) which is a comprehensive scheme prohibiting the employment of unauthorized aliens in the United States. The Contractor shall submit a declaration signed under penalty of perjury of the laws of the State of Texas stating that it has not been found in violation of IRCA by the United States Attorney General or Secretary of Homeland Security in the preceding five (5) years. The Contractor shall ensure that its Subcontractors submit a declaration signed under penalty of perjury of the laws of the State of Texas stating that they have not been found in violation of IRCA by the United States Attorney General or Secretary of Homeland Security in the preceding five (5) years. The Contractor and its Subcontractors shall at all times during the term of the contract with the City comply with the requirements of IRCA and shall notify the City within fifteen (15) working days of receiving notice of a violation of IRCA. The City may terminate a contract with the

Contractor if the City determines that (a) the Contractor or its Subcontractors have been untruthful regarding IRCA violations in the preceding five (5) years; (b) if the Contractor fails to ensure that its Subcontractors submit the aforementioned declaration; or (c) the Contractor or its Subcontractors fail to timely notify the City of an IRCA violation.

CITY OF LEWISVILLE

COOPERATIVE PURCHASING AGREEMENT

Several Governmental entities around the City of Lewisville have indicated an interest in being included in this contract. Should these Governmental Entities decide to participate in this contract, would you, (the vendor) agree that all terms conditions, specifications, and pricing would apply?

☒ YES ☐ NO

(a) If you (the Vendor) checked yes, the following will apply.

(b) Governmental Entities utilizing Internal-Governmental contracts with the City of Lewisville will be eligible, but not obligated, to purchase materials/services under the contract(s) awarded as a result of this solicitation. All purchases by Governmental Entities other than the City of Lewisville will be billed directly to that Governmental Entity and paid by that Governmental Entity. City of Lewisville will not be responsible for another Governmental Entity's debts. Each Governmental Entity will order their own material/service as needed.

LEWISVILLE
Deep Roots. Broad Wings. Bright Future.

Lewisville 2025 - Sustainability

Lewisville City Council unanimously adopted the Lewisville 2025 plan on July 14, 2014. The plan was developed after more than a year of public input and discussion that garnered hundreds of ideas and suggestions. That input was studied extensively by the Lewisville 2025 Steering Committee, City staff and professional consultants and formulated into the Lewisville 2025 plan. The plan provides a clear shared vision for the kind of community Lewisville wants to be when it turns 100 years old in 2025: a place that people choose to live, work and visit.

Lewisville 2025 identifies nine “Big Moves” to guide the community’s efforts toward being a thriving, desirable community. One of these Big Moves is sustainability. Lewisville defines sustainability in this way:

Limited resources, such as land, water, energy, clean air, natural assets, and public funds are used efficiently to provide a desirable quality of life and business climate today without reducing Lewisville’s ability to provide the desired quality of life and business climate for success of future generations.

The Purchasing Division’s goal is to support and encourage sustainable management practices through the purchase and use of materials, products and services that demonstrate environmental stewardship as well as fiscal and social responsibility. To that end, Lewisville will consider environmental factors such as but not limited to, recycled content, product life cycle, waste reduction, energy efficiency, toxicity, water consumption, and human health impacts when making purchasing recommendations. To assist City staff with evaluating these factors, prospective vendors may be required to provide specific information about their products and services that addresses environmental impacts.

Does Product or Service?	Yes	No	Details
Reduce energy consumption			
Reduce toxicity, including emissions	X		Good Earth uses ALL natural gas powered Zero-turns, along with diesel mowing tractors
Reduce waste			
Contain recyclable materials			
Reduce water consumption			
List other environmental impacts			

Attach supporting documentation if needed

STATE RECIPROCAL REQUIREMENT

The City of Lewisville, as a governmental agency of the State of Texas, may not award a contract for general construction, improvements, services or public works projects or purchases of supplies, materials, or equipment to a non-resident bidder unless the non-resident's bid is lower than the lowest bid submitted by a responsible Texas resident bidder by the same amount that a Texas resident bidder would be required to underbid a non-resident bidder to obtain a comparable contract in the state in which the non-resident's principal place of business is located (Section 2252.002 of the Government Code). Bidder shall answer all the following questions by encircling the appropriate response or completing the blank provided.

1. Where is your principal place of business?
2. Only if your principal place of business is not in the state of Texas, please indicate:
 - A. In which state is your principal place of business located?
 - B. Does that state favor resident bidders (bidders in your state) by some dollar increment or percentage? ☐ YES ☐ NO
 - C. If "YES", what is that dollar increment or percentage?

NON-COLLUSION STATEMENT

The undersigned affirms that they are duly authorized to execute this contract, that this company, corporation, firms, partnership or individual has not prepared this bid in collusion with any other Bidder, and that the contents of this bid as to prices, terms or conditions of said bid have not been communicated by the undersigned nor by any employer or agent to any other person engaged in this type of business prior to the official opening of this bid.

WORK PLAN

City of Lewisville Mowing Service Operations

Good Earth has been mowing the Public Buildings, Park, Medians and ROW's for municipalities in the DFW area for over 20 years never failing to complete a contract.

- Zone 1-3
 - We will assign each Zone one (1) Mowing Crew with additional support when needed. Along with a Landscape Crew for bed maintenance, Chemical Crew for herbicide and fertilization cycles, and an Irrigation Crew when needed for any repairs. All crews and their employees are Good Earth employees.
- Zone 4
 - We will assign one (1) Mowing Crew to complete the all properties between 6-7 days.
- Zone 5
 - We will assign one (1) TXDOT Crew and one (1) Litter Crew to all sections of Interstate 35E within 4-5 days.
 - During the monthly Debris Removal cycles, we will assign one (1) Litter Crew and is estimated to be completed just over 3 days. If Lewisville requires, we can supply additional Litter Crews to complete faster.
- Our Division Manager, Andrew Rapp along with multiple supervisors will supervise this project.
- Good Earth provides Safety Training for all employees and crew leaders.
 - This includes the operation of all equipment, procedures utilizing proper signage, safety vests, goggles and gloves.
 - This also includes Environmental training and covers use of hazard kits, fire extinguishers as well as making sure debris does not enter the storm drain system.

*See attachment A for a detail description of Good Earth's Crew Types

Form Completed by: Kevin Points, President Date January 15, 2020

Good Earth Crew Types

❖ Mowing Crew – 4 men

- 1 Truck (2012-2016 Ford F250) with Trailer
